Let's Gogh Art believes that creativity is at the heart of all education. Our art education classes foster creativity through a broad exposure to all forms of media, tools and techniques. We allow children to "play and learn about art" through painting, drawing, collage, printmaking and many whimsical and unconventional projects. We also incorporate literature, music, art history, math, science, humor and more. Our curriculum meets or exceeds the Massachusetts Visual Art frameworks.

Let's Gogh Art gives everyone who attends a Let's Gogh Art program exposure to the world of art while helping to ignite their imaginations. In our programs, "you" create, not our instructors. We don't "do art" for anyone and we don't make samples for children to copy, nor do we want everyone's creation to turn out the same. Most importantly, we believe in fostering a relaxing and fun, non-competitive environment where there's no such thing as doing art the wrong way. Many of our lesson plans are set-up in a choice-based format.

"Thanks for another great program at Mary Rowlandson Elementary School. It's wonderful to have a program I just know the kids are going to love."

-Valorie Parent, Lancaster PTO

Let's Gogh Art's Creative Education art classes give children, teens, adults, seniors and special needs groups the environment and the opportunity to explore and enhance their creativity...at their own pace and on their own terms. Let's Gogh Art is designed for both the artistically inclined individual and those who never thought they could create art. Our fees range from \$12-\$15 per person, per class and are 4-10 weeks in duration. Most of our classes include an art journal, DYO apparel, collaborative projects, take home tips and special surprises for each participant.

"The Let's Gogh Art program has really made a difference in our students at the Creative Choices. The projects are engaging and diverse, and students have ample opportunity to use a variety of mediums to create exciting art projects. I have watched the children develop as artists and break out of their shells under Lynn's instruction. She is wonderful to work with and I highly recommend the Let's Gogh Art program to others!"
