Be Smart. Include Art Overview

After-School Enrichment & Outsourced Art

Let's Gogh Art's after-school and outsourced art programs are affordable, convenient, fun and educational. We bring a variety of art activities and an inspired curriculum to your school's location...without any heavy lifting on your part. Our turn-key service can fill a void in your arts education program (with our outsourced art), or provide a wonderful complement to what you already offer. Our classes are designed for the child who just can't get enough art.

Let's Gogh Art works with your school to design a program that best fits the needs of your students. We can offer any of our classes (depending upon your needs, interests and budget). We have talented instructors ready to guide children through a creative art-venture. Children engage in exciting hands-on activities and participate in interactive discussions about the world of art. Classes are easy for you to set-up: 1) together we pick class/session dates and day of the week; 2) we provide flyers, posters and registration forms to spread the word; 3) we can manage the registration process; and 4) we only need an appropriate space to run the class.

Early Release Day Workshops

Convenient for parents and fun & educational for your students. A Let's Gogh Art early release ArtShop provides a themed workshop format where students can explore and experiment with art at their own pace. We offer more than 25 themes, as well as customized themes. Students also have the opportunity to work together on a collaborative project in each of our ArtShops. We can create some fun with any number of students for any duration of time.

Single Art Fun Events & Vacation Programs

Let's Gogh Art has partnered with many schools to put on "special events" during the school year and during vacation breaks. Whether you're celebrating the beginning of school, the end of school, vacation time or just want to offer a new and interactive experience for the kids (and their families) during the school year. Let's Gogh Art is a perfect choice. Easy to plan and even easier to host, we do all of the work for you. We've worked with groups of all sizes, and have many creative projects & ideas to make your event and extended day vacation program really memorable.

Family ArtFests

A Let's Gogh Family ArtFest is simply the best...the best way to bring your students and their families together into the school to celebrate art and creativity. At a Family ArtFest, kids, parents and siblings create masterpieces...together. It's interactive, culturally enriching and high quality fun. What sets ArtFest apart from the rest is: 1) the uniqueness of the projects we offer; 2) affordability so that everyone can participate; 3) the opportunity to collaborate with your art teacher to showcase art work done by the students; and 4) Let's Gogh Art will plan and run the entire event so there's no heavy lifting from your art teacher or other volunteers (they can just come and mingle and enjoy)!

ArtCessories Imprinted Art Products

Let's Gogh Art offers a variety of fun and functional imprinted art products that can be created as gifts and keepsakes. We offer everything from mugs to notecards to 100% recycled tote bags. A great way to fundraise.
