

Let's Gogh Art Workshop

Let's Gogh Art's unique PLAY with ART workshop allows children 5 and up an opportunity to exercise their creativity while making art, reading and learning about various sports. The workshop also supports this year's national reading theme.

In this 90 minute workshop, each participant will paint a LOVE picture, customizing it with their favorite sport and their own color palette. In addition, each participant will receive a copy of our Color. Learn & Play-All About Sports Activity/Coloring book. This unique paperback book introduces children to four sports: baseball, basketball, football and hockey. In addition to learning the basics of each sport, children read, color, play games, write, draw and record their own sports memories.

Each book is a combination how-to book, picture book, activity book and scrapbook...all rolled into one. Children (ages 5-10) will be inspired to get out there and just play. Color. Learn & Play is based on a passion for kids, creativity, fitness, education, and of course, sports!

For older participants, the book can be swapped out and replaced with these fun DYO projects: collapsible water bottles or drawstring bags.

To get a fee quote based on your group size and project choices, please email us at: art@letsgoghart.com or call: 978.342.2545.
