

Design-a-Buddy™ Events

by Let's Gogh Art

You Draw It...

Huggable art that everyone loves!!

When you come to our one-of-a-kind Design-a-Buddy™ events you'll create huggable art that everyone loves. You'll start by grabbing some paper and art supplies. Using your wild imagination, you'll draw, paint or color a 2-dimensional Buddy (the crazier and more colorful, the better). A Let's Gogh Art artist will host the creative fun and provide inspiration and ideas to help let your imagination "gogh."

Your Imagination Brought to Life

When your Buddy art is complete, we'll take a high resolution photograph of your creation and send it to our factory. There, your 2-D Buddy is turned into a huggable, loveable 3-D stuffed plush!! It's your imagination brought to life...well, almost. 😊

We Make it
3-D!

Design-a-Buddy events are \$89 per person and includes a Let's Gogh Art host, all art supplies, and your custom 16" plush.* Events are typically 90 minutes in duration. Contact us today to book your private event or check out our calendar for public Design-a-Buddy events in your neighborhood or at our studio.

Once you receive your Buddy in the mail, remember to hug him/her often because, after all, how often do you get to hug your art?

*Shipping is an additional \$10. You can supersize your Buddy to 30" for an additional \$30. Buddies take approximately 4-5 weeks to complete because each one is custom created for you in our factory. You don't have to attend an event to buy a buddy...use your existing art & just visit our website: www.designabuddy.com.

Create Some Happy!
